Current Board member • Crestwood resident for over 43 years • Mental Health Counselor

As a Board Member for the past few years, I have realized how important it is to have a vested interest in our building. I have lived in the Crestwood for over 43 years. I have a true love for our building and community. I feel I have a good relationship with our tenants and shareholders.

As a professional Mental Health Counselor, I feel I have the ability to focus on the needs of our Crestwood community, especially our financial and emotional challenges. They have been plentiful these past years.

Being on the Board is a serious responsibility, one that I have not taken lightly. I believe that I am honest and can be open to opinions and expectations of our shareholders and tenants. Going forward my only hope, that the welfare of our building continues to prosper.

# Nikolay Georgiev

10-year resident • 3 years Board service • Education and financial-analysis background

**Education / Certification:** Masters in Science in Education, Hunter College, NY • Certified Financial Analyst, CFA Level II, New York City, NY

Hello dear neighbors,

I lived in our cooperative for 10 years, including the past three years serving on the Board. I have had the opportunity to develop an understanding of our community, its strengths, and the challenges we face.

The last three years have been particularly challenging, with significant increases in operating costs, maintenance expenses, and the overall cost of maintaining our properties. During my time on the Board, I have advocated for finding ways to control and reduce maintenance and operating costs while continuing to maintain the quality and value of our homes.

If elected to continue serving on the Board, I will remain committed to identifying practical solutions that can help reduce unnecessary expenses and improve the financial health of our cooperative. I also believe we should actively explore new ideas, projects, and opportunities that can generate additional value and revenue for the cooperative. By finding responsible ways to bring in additional income and improve our properties, we can work toward benefiting all shareholders while strengthening the long-term value of our homes.

My experience in hospitality management has also provided me with valuable knowledge in budgeting, financial planning, operations, and facility management. I believe these skills, combined with my three years of Board experience and ten years as a resident, allow me to contribute meaningfully to responsible and thoughtful decision-making.

I also encourage shareholders to consider running for a Board position and becoming actively involved in the future of our cooperative. Bringing new ideas, knowledge, experience, and energy to the Board can strengthen our community and help us find creative solutions to the challenges we face. I believe that an engaged and diverse group of shareholders working together is essential to building a stronger cooperative.

I look forward to continuing to work collaboratively with the Board and our residents to address our challenges, explore new opportunities, manage our resources responsibly, and help make our cooperative a stronger and more valuable community for everyone.

Thank you for considering my candidacy. I would be honored to continue serving on the Board and contributing to the continued success and prosperity of our cooperative.

# Eva Marciniak

Crestwood resident for over 36 years • Retired banking professional

Dear Shareholders,

My name is Eva Marciniak. I'm very interested in serving on the Crestwood Board.

My husband and I have been living in Apt 3L for over 36 years. I have deep roots within this beautiful building. At various times, other family members have lived at Crestwood. Presently, my mother resides in Apt 3M.

Currently, I'm a happy retiree. I worked for over 27 years at JPMorgan Chase and 8 years for Bank of NY Mellon.

I held many different positions over those years in various departments. I developed extensive experience in banking operations, account reconciliations and helping customers by applying my strong analytical and problem-solving skills. My educational background includes studying economics and business finance.

I have always been a team player, very flexible, a self-starter, a self-motivator and a good organizer.

I would love to bring these qualities to improve our community. I would be a voice for you by creating positive relationships, by understanding your needs and implementing new ideas which only could be done thought transparency and perhaps better communication between all of us. The rapid cost of living over recent years has motivated me more than ever to seek a position on the Board.

Therefore, I'm asking for your support and your vote, so together we can make things better now and into the future.

Thank you!

# Ioana R. Popescu

Longtime Crestwood resident • Small-business owner • Interior designer

**Education / Certification:** Fashion Institute of Technology, New York City, NY • BA - Interior Design • 1997-2001

**Selected Skills:** Concept development, schematic design, design development, brand identification, bid packages, FF&E packages, project management, budget planning, surveying, AutoCAD, SketchUp, Microsoft Office, Adobe Suite, and related design/project skills.

Hi! I'm Ioana, a shareholder & a longtime resident of our building. As a small-business owner & someone already active in our shareholder community, I'm running for the board to help it serve all of us with transparency & care.

**Why I'm Running:** I want to see a board that communicates openly with shareholders, manages expenses for the benefit of our building's financial health & keeps our building well maintained for the long term. I'll push for clear, timely information so shareholders can take part in decisions that affect our homes.

**Community involvement:** I've helped organize our shareholders group, growing participation and preparing for the annual meeting, because I believe an engaged community makes for a stronger building.

**Relevant Experience:** I've been an interior designer for 24 years and have worked on a wide variety of projects for corporate office & residential clients. Currently, I own & run an interior design studio, where I manage budgets, schedules, contractors, & vendors every day. That work has given me practical experience in exactly the kinds of financial and project oversight a co-op board handles, from reviewing bids to keeping a project on time and on budget.
