Re: Increases

Date: June 25, 2026

=====

Dear Shareholders:

As you are aware, the recent rainstorm caused damage to the lobby and first floor apartments. Although our insurance covers a substantial portion of the damage, we have a \$50,000 deductible which we are responsible for.

To pay the additional expense, the Board voted to continue the current assessment through December 31, 2026. Shareholders who have elected to prepay for the previous assessment term, the assessment will now be applied to the remaining months of this year at \$.65 cent per share per month.

Additionally, monthly parking charges will increase by \$25.00 per month effective August 1, 2026 and bicycle storage fees will be increased to \$12.00 per month per space effective August 1, 2026.

We want to assure you that these decisions were not made lightly, and we are actively working together to enhance the overall quality of life at Crestwood Apartment Owners, Inc.

Please be reminded, if you are currently on Autopayment for your monthly maintenance, you must adjust your payment amount accordingly. Alternatively, you can contact Litsa Douris property manager at (718)593-8912 with questions.

Your cooperation and continued support are invaluable as we navigate these financial challenges.
