

Re: Assessment *Spencer*

Date: August _____, 2025

=====

Dear Shareholders:

As you are aware, we have completed the hallway/lobby renovations.

To complete this renovation and other projects such as the front walkway, we had to borrow from our Line of Credit to ensure that we could pay off all our vendors. The total amount that was borrowed was \$112,800 which we now must pay back.

The Board of Directors after careful deliberation will implement an assessment of .668583 per share, per month to be spread out over _____ months to replenish these funds and pay back the Line of Credit at the interest rates we are paying now.

You will find this charge on your maintenance bill beginning _____ 1, 2025 for _____ months. If you are on auto pay, please adjust your accounts accordingly to the new amount listed below.

As we hope you are enjoying all the new décor, we thank you for all your cooperation during this process and look forward to enjoying our new look at the Crestwood Apartment Owners.
